

REMARKS

Remark 1:

Applicant submits the amendments to the claims render the claims more definite. Applicant submits the claims are allowable and urges the Examiner to further consider the following remarks.

Remark 2:

Applicant submits that the amendments to the claims contained herein reflect the substance of the informal telephonic Examiner's interview of July 6, 2006 with Applicant's attorney. To wit, the dependency of Claim 22, as amended on June 9, 2006, has been corrected.

Remark 3:

Applicant submits that the amendments to Claim 10 render the claim more definite without changing the scope of the claim. No further examination of this claim is necessary as the changes are nothing more than grammatical correction

Remark 4: (NO NEW MATTER)

Applicant submits that the corrections presented herein present no new matter. All of the devices, systems, methods and/or compositions claimed herein are taught in the Drawings, Specification, Claims and Abstract and other portions of the Application as originally filed.

Remark 5: (REQUEST FOR TELEPHONIC OR IN-PERSON EXAMINER'S INTERVIEW)

Applicant hereby invites and requests the Examiner to attempt to resolve any further defects, deficiencies, errors or other grounds of rejection or objection to the present application, either on a formal or informal basis, by Telephonic or In-Person Examiner's Interview under 37 CFR 1.133 (see also

MPEP 713.01 et seq.). Attorney for Applicant(s) can be reached from 9:00 AM-5:00 PM Monday-Friday at telephone number 650-348-1444 or by fax to (650) 348-8655 or by e-mail at RKS@attycubed.com.

CONCLUSION

Applicant respectfully submits that for all the foregoing reasons, the claimed subject matter describes patentable invention. Furthermore, Applicant submits that the specification is adequate and that the claims are in a condition for allowance. No new matter has been entered.

Applicant hereby respectfully requests Examiner to enter these amendments, find them descriptive of useful, novel and non-obvious subject matter, and authorize the issuance of a utility patent for the truly meritorious, deserving invention disclosed and claimed herein.

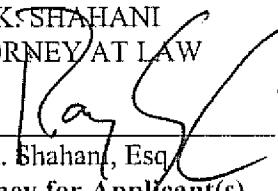

Without further, Applicant does not intend to waive any claims, arguments or defenses that they may have in response to any official or informal communication, paper, office action, or otherwise, and they expressly reserve the right to assert any traverse, additional grounds establishing specificity and clarity, enablement, novelty, uniqueness, non-obviousness, or other patentability, etc.

Further, nothing herein shall be construed as establishing indirectly the basis for any prosecution history, file wrapper estoppel, or similar in order to limit or bar any claim of infringement of the invention described herein, either directly or under applicable doctrine of equivalents.
